  Bachelor of Engineering, Mechanical, Pune University
  Completed in 2020

About Me

A passionate MERN Stack Developer. Developing websites using Javascript, React, Node.js, Express.js, and MongoDB. Looking forward to the opportunities that can bring challenges and learnings to leverage and hone skills.

Professional Experience

Devops Intern | Cloud Drove

Jan 2023 – Present

Key responsibilities:
- Designed and implemented Infrastructure as Code (IaC) using Terraform, developing reusable modules and templates.
- Gaining experience in deploying and managing containerized applications using Kubernetes, and exploring features like horizontal scaling and self-healing.
- Utilized Azure DevOps to manage the software development lifecycle, including source control, continuous integration, and deployment.

Digital Marketing Lead | Paradiso Solutions

Mar 2021 – Dec 2022

Key responsibilities:
- Improved SEO ranking and traffic for Paradiso Solutions website and blog through on page/off page optimization.
- Achieved Top 5 ranking for multiple webpages, collaborated with cross-functional teams, and led successful Google Ads campaigns with a 3K USD budget.
